(b) In computing the increase for enginemen under paragraph (a) above, three-and-one-half (3-1/2) percent shall be applied to the standard basic daily rates of pay applicable in the following weight-on-drivers brackets, and the amounts so produced shall be added to each standard basic daily rate of pay:

On the date of this Agreement, each employee will be paid a signing bonus of one (1) percent of the employee's compensation for 1994, including pay for miles run in excess of the number of miles comprising a basic day ("overmiles") but excluding pay elements not subject to general wage increases under Section 8 of this Article and lump sums.

Section 3 - First Lump Sum Payment

On July 1, 1996, each employee will be paid a lump sum equal to the excess of (i) three (3) percent of the employee's compensation for 1995, including pay for overmiles but excluding pay elements not subject to general wage increases under Section 8 of this Article and lump sums, over (ii) the lesser of (x) one-half of the amount described in clause (i) above and (y) two times one-quarter of the amount, if any, by which the carriers' payment rate for 1996 for foreign-to-occupation health benefits under The Railroad Employees National Health and Welfare Plan (Plan) exceeds such payment rate for 1995.

Section 4 - Second General Wage Increase (for other than Dining Car Stewards)

Effective July 1, 1997, all standard basic daily rates of pay in effect on June 30, 1997 for employees represented by the United Transportation Union shall be increased by three-and-one-half (3-1/2) percent, computed and applied in the same manner prescribed in Section 1 above.

Section 5 - Second Lump Sum Payment

Effective July 1, 1999, all standard basic daily rates of pay in effect on June 30, 1999 for employees represented by the United Transportation Union shall be increased by three-and-one-half (3-1/2) percent, computed and applied in the same manner prescribed in Section 1 above.

Section 7 - Standard Rates

The standard basic daily rates of pay produced by application of the increases provided for in this Article are set forth in Appendix 1, which is a part of this Agreement.

Section 8 - Application of Wage Increases

(a) The adjustments provided for in this Article (i) will apply to mileage rates of pay for overmiles, and (ii) will not apply to duplicate time payments, including arbitraries and special allowances that are expressed in time, miles or fixed amounts of money.

(b) In engine service and in train and yard ground service, miscellaneous rates based upon hourly or daily rates of pay, as provided in the schedules or wage agreements, shall be adjusted in the same manner as heretofore increased under previous wage agreements.

(c) In determining new hourly rates, fractions of a cent will be disposed of by applying the next higher quarter of a cent.

(d) Daily earnings minima shall be changed by the amount of the respective daily adjustments.

(e) Standard monthly rates and money monthly guarantees applicable in passenger train service shall be thirty times the new standard daily rates. Other than standard monthly rates and money monthly guarantees shall be so adjusted that money differentials existing as of June 30, 1995 shall be preserved.

(f) Existing monthly rates and money monthly guarantees applicable in train service other than passenger will be changed in the same proportion as the daily rate for the class of service involved is adjusted.

(g) Existing money differentials above existing standard daily rates shall be maintained.

(h) In local freight service, the same differential in excess of through freight rates shall be maintained.

(i) The existing differential of \$6.00 per basic day in passenger, freight, and yard service, and 6¢ per mile for miles in excess of the number of miles encompassed in the basic day, currently payable to engineers working without firemen, shall be maintained and applied in the same manner as the local freight differential.

(j) In computing the first increase in rates of pay effective under Section 1 for engineers, firemen, conductors, brakemen and flagmen employed in local freight service, or on road switchers, roustabout runs, mine runs, or in other miscellaneous service, on runs of miles equal to or less than the number comprising a basic day, which are therefore paid on a daily basis without a mileage component, whose rates had been increased by "an additional \$.40" effective July 1, 1968, the three-and-one-half (3-1/2) percent increase shall be applied to daily rates in effect on the day preceding the effective date of the general wage increase provided for in Section 1, exclusive of car scale additives, local freight differentials, and any other money differential above existing standard daily rates. For firemen, the rates applicable in the weight-on-drivers bracket 950,000 and less than 1,000,000 pounds shall be utilized in computing the amount of increase. The same procedure shall be followed in computing the increases effective July 1, 1997 and July 1, 1999. The rates produced by application of the standard local freight differentials and the above-referred-to special increase of "an additional \$.40" to standard basic through freight rates of pay are set forth in Appendix 1 which is a part of this Agreement.

(k) Other than standard rates:

(i) Existing basic daily rates of pay other than

standard shall be changed, effective as of the dates specified in Sections 1, 4, and 6 hereof, by the same respective percentages as set forth therein, computed and applied in the same manner as the standard rates were determined.

(ii) The existing differential of \$6.00 per basic day in passenger, freight, and yard service, and 6¢ per mile for miles in excess of the number of miles encompassed in the basic day, currently payable to engineers working without firemen, shall be maintained and applied in the same manner as the local freight differential.

(iii) Daily rates of pay, other than standard, of engineers, firemen, conductors, brakemen and flagmen employed in local freight service, or on road switchers, roustabout runs, mine runs, or in other miscellaneous service, on runs of miles equal to or less than the number encompassed in the basic day, which are therefore paid on a daily basis without a mileage component, shall be increased as of the effective dates specified in Sections 1, 4, and 6 hereof, by the same respective percentages as set forth therein, computed and applied in the same manner as provided in paragraph (k)(i) above.

Section 9 - General Wage Increases for Dining Car Stewards

(a) Effective on December 1, 1995, all basic monthly rates of pay in effect on June 30, 1995 for dining car stewards represented by the United Transportation Union on the preceding day shall be increased by three-and-one-half (3-1/2) percent.

(b) Effective July 1, 1997, all basic monthly rates of pay in effect on June 30, 1997 for dining car stewards represented by the United Transportation Union shall be increased by three-and-one-half (3-1/2) percent.

(c) Effective July 1, 1999, all basic monthly rates of pay in effect on June 30, 1999 for dining car stewards represented by the United Transportation Union shall be increased by three-and-one-half (3-1/2) percent.

The signing bonus and lump sum payments provided for in this Article will be paid to each employee subject to this Agreement who has an employment relationship as of the date such payments are payable, or has retired or died subsequent to the beginning of the applicable calendar year used to determine the amount of such payment. There shall be no duplication of the signing bonus or lump sum payments by virtue of employment under another agreement nor will such payments be used to offset, construct or increase guarantees in protective agreements or arrangements.

Part C - Cost-of-Living Allowance and Adjustments Thereto After January 1, 2000

Section 1 - Cost-of-Living Allowance and Effective Dates of Adjustments

Such allowance, and further cost-of-living adjustments thereto which shall become effective as described below, shall be based on the change in the CPI during the respective measurement periods shown in the following table, subject to the exception provided in paragraph (d)(iii), according to the formula set forth in paragraph (e).

Measurement Periods

<u>Base Month</u>	<u>Measurement Month</u>	<u>Effective Date of Adjustment</u>
September 1999	March 2000	July 1, 2000

(d)(i) Cap. In calculations under paragraph (e), the maximum increase in the CPI that shall be taken into account shall be as follows:

<u>Effective Date of Adjustment</u>	<u>Maximum CPI Increase That May Be Taken Into Account</u>
July 1, 2000	3% of September 1999 CPI
January 1, 2001	6% of September 1999 CPI, less the increase from September 1999 to March 2000

Effective Dates of Adjustment and Maximum CPI Increases conforming to the above schedule shall be applicable to periods subsequent to those specified above during which this Article is in effect.

(ii) Limitation. In calculations under paragraph (e), only fifty (50) percent of the increase in the CPI in any measurement period shall be considered.

(iii) If the increase in the CPI from the base month of September 1999 to the measurement month of March 2000 exceeds 3% of the September 1999 base index, the measurement period that shall be used for determining the cost-of-living adjustment to be effective the following January shall be the 12-month period from such base month of September; the increase in the index that shall be taken into account shall be limited to that portion of the increase that is in excess of 3% of such September base index; and the maximum increase in that portion of the index that may be taken into account shall be 6% of such September base index less the 3% mentioned in the preceding clause, to which shall be added any residual tenths of points which had been dropped under paragraph (e) below in calculation of the cost-of-living adjustment which shall have become effective July 1, 2000 during such measurement period.

(iv) Any increase in the CPI from the base month of September 1999 to the measurement month of September 2000 in excess of 6% of the September 1999 base index shall not be taken into account in the determination of subsequent cost-of-living adjustments.

(e) Formula. The number of points change in the CPI during a measurement period, as limited by paragraph (d), shall be converted into cents on the basis of one cent equals 0.3 full points. (By "0.3 full points" it is intended that any remainder of 0.1 point or 0.2 point of change after the
